

# - The Single Shot Black Powder Cartridge Rifle Club of Great Britain -

Affiliated to the N.R.A. - No. 1285

## The Buffalo Match

**Target:** Buffalo (see below – 200 yard left & 600 yard right)

**No. of Rounds required:** 40 for Competition plus sighters

**Distances:** 200 yards & 600 yards

**Max. Competition Score:** 200 points

**Squading Time:** 30 minutes per distance.

**Course of Fire:** This practice requires you to shoot up to 20 consecutive rounds to score at each distance within the allotted time. You may fire as many sighters as you deem necessary or prudent prior to your rounds for score. The only restriction is that you have 30 minutes to complete this in total. Once you are satisfied with your sighting and wish to start to shoot for score it is your responsibility to ensure that the scorer is aware of this and is ready to mark your score card. Each shot, sighter and competition, will be scored and fall of shot indicated. At the end of your 20 scoring shots or 30 minute squad, whichever comes first, you will be asked to countersign your score card. If you complete your string within the 30 minutes make sure that the scorer is aware that you have finished. Your time for completion (from the beginning of your squading time) will also be recorded and may be used in the event of a tie.

**Exceptional Comp. Rules:** In the interest of historic accuracy under lever rifles of pre-1895 manufacture (or repros thereof) and loaded with BP may be used.

**Artificial Support:** Crossed-sticks and Wrist Supports are allowed as rests for this match

*Please present yourself at the firing point at least 20 minutes before the start of your allotted shooting time. You will be expected to be ready to shoot the moment that your squading time begins so set up your equipment during the preceding shooters string. Please take care not to distract the active competitor - it's your turn next!*
